

CLIMATE PROTECTION CERTIFICATE

FORLIANCE
GROWING CLIMATE ACTION

Rampa GmbH & Co. KG

RAMPA for CCF2025

This certificate confirms that the greenhouse
gas emissions in amount of

150 tons of CO₂-equivalents

will be offset by the high-quality climate protection project

Tropical Mix, Panama:

The project provides for sustainable timber production and cocoa cultivation; it protects biodiversity and restores a healthy forest ecosystem. These climate reforestation measures are validated by independent third parties in accordance with Gold Standard.
